

29 June 2018

This letter is to certify that

Yuntao Li
1993-05-14 (DOB)

is admitted to the EIT Digital Master's Programme with a technical major in **Data Science (DSc)**. It consists of four (4) semesters (approx. Sep 2017 – Sep 2019) and a total of 120 ECTS credits. The M.Sc. programme is run through a cooperation between 17 of the top technical universities in Europe.

The EIT Digital M.Sc. is a two-year Master with compulsory geographical and organizational mobility for the students. **Yuntao Li** has been admitted to the programme with the following mobility scheme:

Entry point university: **Eindhoven University of Technology, TU/e, Netherlands**

Exit point university: **KTH, Royal Institute of Technology, Sweden: Distributed Systems and Data Mining for Really Big Data**

Yuntao Li has been awarded a scholarship consisting of a partial tuition fee waiver for the entire duration of the programme (reducing tuition fees from €5000 to €2500/semester) and a monthly allowance of €1000.

The EIT Digital Master School is an action line within EIT Digital. EIT Digital is one of the first three Knowledge and Innovation Communities (KICs) selected by the European Institute of Innovation & Technology (EIT) to reinforce the innovation capacity in ICT in Europe. The EIT is a body of the European Union.

A handwritten signature in blue ink, reading 'Erik Göransson'.
