**Yuntao Li**

Date of Birth: 1993-5-14

On behalf of EIT Digital, we are pleased to announce that you have been awarded an EIT Digital scholarship for your studies in the master's programme *Data Science (DSc)*.

The scholarship is valid for the following study trajectory:

Entry university: Eindhoven University of Technology, TU/e, Netherlands

Exit university: KTH, Royal Institute of Technology, Sweden: Distributed Systems and Data Mining for Really Big Data

The EIT Digital Master School scholarship covers the following:

- a monthly allowance of €1000 for the maximum duration of 24 months, renewed after 12 months based on study performance at entry university.
- a partial tuition fee waiver for the entire duration of the programme. Reduced participation cost of the programme will be €2500 / Semester.

Upon enrollment at your entry university, you will be requested to sign a scholarship agreement which regulates the rights and obligations of the parties, i.e. EIT Digital and the scholarship holder. The scholarship is conditioned by satisfactory study performance, 100% of the course work from the first year has to be completed in order for the scholarship to be extended for the second year. Depending on local regulations, additional requirements may apply.

Please note that EIT Digital is funded on an annual basis by the EIT. All EIT Digital commitments are conditioned by the continued annual funding of EIT Digital.
